**Article 6 - FREEDOM OF INFORMATION LAW**

§ 84. Legislative declaration. The legislature hereby finds that a free society is maintained when government is responsive and responsible to the public, and when the public is aware of governmental actions. The more open a government is with its citizenry, the greater the understanding and participation of the public in government.

As state and local government services increase and public problems become more sophisticated and complex and therefore harder to solve, and with the resultant increase in revenues and expenditures, it is incumbent upon the state and its localities to extend public accountability wherever and whenever feasible.

The people's right to know the process of governmental decision-making and to review the documents and statistics leading to determinations is basic to our society. Access to such information should not be thwarted by shrouding it with the cloak of secrecy or confidentiality.

The legislature therefore declares that government is the public's business and that the public, individually and collectively and represented by a free press, should have access to the records of government in accordance with the provisions of this article.

§ 85. Short title. This article shall be known and may be cited as the "Freedom of Information Law."

(2) In the case where an identical record has been prepared for a previous request within the past 6 months and an electronic copy is available, an agency shall not charge a fee for the reproduction of such record, except for the actual cost of a storage device or media if one is provided to the requester in complying with such request.

(c) In determining the actual cost of reproducing a record, an agency may include only:

A person requesting a record shall be informed of the estimated cost of preparing a copy of the record if more than two hours of an agency employee's time is needed, or if an outside professional service would be retained to prepare a copy of the record.

2. Each agency shall, in accordance with its published rules, make available for public inspection and copying all records, except those records or portions thereof that may be withheld pursuant to the exceptions of rights of access appearing in this subdivision. **Public Officers Law**  
**Articles 6 & 7**

(b) An unwarranted invasion of personal privacy includes, but shall not be limited to:

i. disclosure of employment, medical or credit histories or personal references of applicants for employment;

ii. disclosure of items involving the medical or personal records of a client or patient in a medical facility;

iii. sale or release of lists of names and addresses if such lists would be used for solicitation or fund-raising purposes;

vi. information of a personal nature contained in a workers' compensation record, except as provided by section one hundred ten-a of the workers' compensation law;

viii. disclosure of law enforcement arrest or booking photographs of an individual, unless public release of such photographs will serve a specific law enforcement purpose and disclosure is not precluded by any state or federal laws.

(c) Unless otherwise provided by this article, disclosure shall not be construed to constitute an unwarranted invasion of personal privacy pursuant to paragraphs (a) and (b) of this subdivision:

i. when identifying details are deleted;

**Public Officers Law**  
**Articles 6 & 7**

ii. when the person to whom a record pertains consents in writing to disclosure;

iii. when upon presenting reasonable proof of identity, a person seeks access to records pertaining to him or her; or

iv. when a record or group of records relates to the right, title or interest in real property, or relates to the inventory, status or characteristics of real property, in which case disclosure and providing copies of such record or group of records shall not be deemed an unwarranted invasion of personal privacy, provided that nothing herein shall be construed to authorize the disclosure of electronic contact information, such as an e-mail address or a social network username, that has been collected from a taxpayer under section one hundred four of the real property tax law.

2-a. Nothing in this article shall permit disclosure which constitutes an unwarranted invasion of personal privacy as defined in subdivision two of this section if such disclosure is prohibited under section ninety-six of this chapter.

2-b. For records that constitute law enforcement disciplinary records as defined in subdivision six of section eighty-six of this article, a law enforcement agency shall redact the following information from such records prior to disclosing such records under this article:

(a) items involving the medical history of a person employed by a law enforcement agency as defined in section eighty-six of this article as a police officer, peace officer, or firefighter or firefighter/paramedic, not including records obtained during the course of an agency's investigation of such person's misconduct that are relevant to the disposition of such investigation;

(b) the home addresses, personal telephone numbers, personal cell phone numbers, personal e-mail addresses of a person employed by a law enforcement agency as defined in section eighty-six of this article as a police officer, peace officer, or firefighter or firefighter/paramedic, or a family member of such a person, a complainant or any other person named in a law enforcement disciplinary record, except where required pursuant to article fourteen of the civil service law, or in accordance with subdivision four of section two hundred eight of the civil service law, or as otherwise required by law. This paragraph shall not prohibit other provisions of law regarding work-related, publicly available information such as title, salary, and dates of employment;

**Public Officers Law**  
**Articles 6 & 7**

(c) any social security numbers; or

(d) disclosure of the use of an employee assistance program, mental health service, or substance abuse assistance service by a person employed by a law enforcement agency as defined in section eighty-six of this article as a police officer, peace officer, or firefighter or firefighter/paramedic, unless such use is mandated by a law enforcement disciplinary proceeding that may otherwise be disclosed pursuant to this article.

2-c. For records that constitute "law enforcement disciplinary records" as defined in subdivision six of section eighty-six of this article, a law enforcement agency may redact records pertaining to technical infractions as defined in subdivision nine of section eighty-six of this article prior to disclosing such records under this article.

3. (a) Each entity subject to the provisions of this article, within five business days of the receipt of a written request for a record reasonably described, shall make such record available to the person requesting it, deny such request in writing or furnish a written acknowledgement of the receipt of such request and a statement of the approximate date, which shall be reasonable under the circumstances of the request, when such request will be granted or denied, including, where appropriate, a statement that access to the record will be determined in accordance with subdivision five of this section. An agency shall not deny a request on the basis that the request is voluminous or that locating or reviewing the requested records or providing the requested copies is burdensome because the agency lacks sufficient staffing or on any other basis if the agency may engage an outside professional service to provide copying, programming or other services required to provide the copy, the costs of which the agency may recover pursuant to paragraph (c) of subdivision one of section eighty-seven of this article. An agency may require a person requesting lists of names and addresses to provide a written certification that such person will not use such lists of names and addresses for solicitation or fund-raising purposes and will not sell, give or otherwise make available such lists of names and addresses to any other person for the purpose of allowing that person to use such lists of names and addresses for solicitation or fund-raising purposes. If an agency determines to grant a request in whole or in part, and if circumstances prevent disclosure to the person requesting the record or records within twenty business days from the date of the acknowledgement of the receipt of the request, the agency shall state, in writing, both the reason for the inability to grant the request within twenty business days and a date certain within a reasonable period, depending on the circumstances, when the request will be granted in whole or in part. Upon payment of, or offer to pay, the fee prescribed therefor, the entity shall provide a copy of such record and certify to the correctness of such copy if so requested, or as the case may be, shall certify that it does not have possession of such record or that such record cannot be found after diligent

**Public Officers Law**  
**Articles 6 & 7**

search. Nothing in this article shall be construed to require any entity to prepare any record not possessed or maintained by such entity except the records specified in subdivision three of section eighty-seven and subdivision three of section eighty-eight of this article. When an agency has the ability to retrieve or extract a record or data maintained in a computer storage system with reasonable effort, it shall be required to do so. When doing so requires less employee time than engaging in manual retrieval or redactions from non-electronic records, the agency shall be required to retrieve or extract such record or data electronically. Any programming necessary to retrieve a record maintained in a computer storage system and to transfer that record to the medium requested by a person or to allow the transferred record to be read or printed shall not be deemed to be the preparation or creation of a new record.

(b) All entities shall, provided such entity has reasonable means available, accept requests for records submitted in the form of electronic mail and shall respond to such requests by electronic mail, using forms, to the extent practicable, consistent with the form or forms developed by the committee on open government pursuant to subdivision one of this section and provided that the written requests do not seek a response in some other form.

(c) Each state agency, as defined in subdivision five of this section, that maintains a website shall ensure its website provides for the online submission of a request for records pursuant to this article.

4. (a) Except as provided in subdivision five of this section, any person denied access to a record may within thirty days appeal in writing such denial to the head, chief executive or governing body of the entity, or the person therefor designated by such head, chief executive, or governing body, who shall within ten business days of the receipt of such appeal fully explain in writing to the person requesting the record the reasons for further denial, or provide access to the record sought. In addition, each agency shall immediately forward to the committee on open government a copy of such appeal when received by the agency and the ensuing determination thereon. Failure by an agency to conform to the provisions of subdivision three of this section shall constitute a denial.

(b) Except as provided in subdivision five of this section, a person denied access to a record in an appeal determination under the provisions of paragraph (a) of this subdivision may bring a proceeding for review of such denial pursuant to article seventy-eight of the civil practice law and rules. In the event that access to any record is denied pursuant to the provisions of subdivision two of section eighty-seven of this article, the agency involved shall have the burden of proving that such record falls within the provisions of such subdivision two. Failure by an agency to conform to the provisions of paragraph (a) of this subdivision shall constitute a denial.

**Public Officers Law**  
**Articles 6 & 7**

(c) The court in such a proceeding: (i) may assess, against such agency involved, reasonable attorney's fees and other litigation costs reasonably incurred by such person in any case under the provisions of this section in which such person has substantially prevailed, and when the agency failed to respond to a request or appeal within the statutory time; and (ii) shall assess, against such agency involved, reasonable attorney's fees and other litigation costs reasonably incurred by such person in any case under the provisions of this section in which such person has substantially prevailed and the court finds that the agency had no reasonable basis for denying access.

(d) (i) Appeal to the appellate division of the supreme court must be made in accordance with subdivision (a) of section fifty-five hundred thirteen of the civil practice law and rules.

(ii) An appeal from an agency taken from an order of the court requiring disclosure of any or all records sought:

(A) shall be given preference;

(B) shall be brought on for argument on such terms and conditions as the presiding justice may direct, upon application of any party to the proceeding; and

(C) shall be deemed abandoned if the agency fails to serve and file a record and brief within sixty days after the date of service upon the petitioner of the notice of appeal, unless consent to further extension is given by all parties, or unless further extension is granted by the court upon such terms as may be just and upon good cause shown.

5. (a) (1) A person acting pursuant to law or regulation who, subsequent to the effective date of this subdivision, submits any information to any state agency may, at the time of submission, request that the agency except such information from disclosure under paragraph (d) of subdivision two of section eighty-seven of this article. Where the request itself contains information which if disclosed would defeat the purpose for which the exception is sought, such information shall also be excepted from disclosure.

(1-a) A person or entity who submits or otherwise makes available any records to any agency, may, at any time, identify those records or portions thereof that may contain critical infrastructure information, and request that the agency that maintains such records except such information from disclosure under subdivision two of section eighty-seven of this article. Where the request

**Public Officers Law**  
**Articles 6 & 7**

itself contains information which if disclosed would defeat the purpose for which the exception is sought, such information shall also be excepted from disclosure.

(2) The request for an exception shall be in writing and state the reasons why the information should be excepted from disclosure.

(3) Information submitted as provided in subparagraphs one and one-a of this paragraph shall be excepted from disclosure and be maintained apart by the agency from all other records until fifteen days after the entitlement to such exception has been finally determined or such further time as ordered by a court of competent jurisdiction.

(b) On the initiative of the agency at any time, or upon the request of any person for a record excepted from disclosure pursuant to this subdivision, the agency shall:
