INDEPENDENT AUDITORS' REPORT

The Members of Town of Clarence
Industrial Development Agency:

We have audited the accompanying basic financial statements of the Town of Clarence Industrial Development Agency (the "Agency") as of December 31, 2011 and 2010 and for the years then ended, as listed in the table of contents. These financial statements are the responsibility of the Agency's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of December 31, 2011 and 2010, and the changes in financial position and its cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2012, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, listed in the foregoing table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The supplemental information listed in the foregoing table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. This supplemental information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

TOWN OF CLARENCE INDUSTRIAL DEVELOPMENT AGENCY
Management's Discussion and Analysis
For the Years Ended December 31, 2011 and 2010

As management of the Town of Clarence Industrial Development Agency (the "Agency") we offer readers of the Agency's financial statements this narrative overview and analysis of the financial activities of the Agency for the years ended December 31, 2011 and 2010. This narrative should be read in conjunction with the Agency's financial statements which follow this section.

Financial Highlights:

- ◆ The assets of the Agency exceed its liabilities at December 31, 2011 and 2010 by \$888,444 and \$899,777, respectively. These amounts are termed *unrestricted net assets* and may be used to fund the Agency's ongoing operations.
- ◆ The Agency's total net assets decreased by \$11,333 during the fiscal year ended December 31, 2011 and increased by \$46,404 during the fiscal year ended December 31, 2010.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. This report includes the independent auditors' report, management's discussion and analysis, financial statements and notes to financial statements.

Required Financial Statements – The financial statements are prepared using the accrual basis of accounting. The financial statements include:

- ◆ *Statements of Net Assets* – shows all assets, liabilities and net assets of the Agency at December 31, 2011 and 2010.
- ◆ *Statements of Activities* – shows the financial activity for the years ended December 31, 2011 and 2010 and displays how this financial activity changes the Agency's net assets.
- ◆ *Statements of Cash Flows* – shows the cash provided and used during 2011 and 2010 and how it affects the cash balance at December 31, 2011 and 2010.
- ◆ *Notes to the Financial Statements* – provide information regarding the Agency and explain in more detail information included in the financial statements.

Financial Analysis - The Agency provides administrative assistance to companies within the Town of Clarence and has limited operations. The Agency does not have any capital assets, long-term debt or full time employees. When analyzing the financial condition and the impact of current year operating activities, Agency management believes the most important issue is whether the Agency is better off than it was in the prior year. The *statement of net assets* and the *statement of activities* can assist in determining whether the Agency is better off. The *statement of cash flows* provides information about the cash receipts, cash payments, and net change in cash resulting from the operating, investing and capital financing activities of the Agency during the year. This statement helps users assess the Agency's ability to generate net cash flows, its ability to meet obligations as they come due, and its need for external financing. Condensed financial highlights of these statements are included on the following page.

TABLE 1 – CONDENSED STATEMENT OF NET ASSETS

	<u>2011</u>	<u>2010</u>	<u>2009</u>
Assets:			
Current assets	\$ 888,444	\$ 905,301	\$ 853,373
Liabilities:			
Current liabilities	-	5,524	-
Net Assets:			
Unrestricted	<u>\$ 888,444</u>	<u>\$ 899,777</u>	<u>\$ 853,373</u>

The Agency's current assets are comprised entirely of cash and cash equivalents. These assets increased in 2010 over 2009, and decreased in 2011 as a result of operating performance.

The Agency has no current liability in 2011. The 2010 current liability was a New York State assessment which was rescinded in 2011.

The Agency's balances of net assets at December 31, 2011 and 2010 are considered "unrestricted", since they can be used for activities in accordance with the goals of the Agency.

Agency activities – Agency activities decreased net assets by \$11,333 and increased net assets by \$46,404 during the years ended December 31, 2011 and 2010, respectively. Key elements of this change are presented in Table 2:

TABLE 2 – REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

	<u>2011</u>	<u>2010</u>	<u>2009</u>
Operating revenues	\$ 49,600	\$ 124,542	\$ 162,490
Operating expenses	63,934	82,157	57,323
Net operating (loss) income	(14,334)	42,385	105,167
Nonoperating revenues	3,001	4,019	5,264
Change in net assets	(11,333)	46,404	110,431
Net assets - beginning	899,777	853,373	742,942
Net assets - ending	<u>\$ 888,444</u>	<u>\$ 899,777</u>	<u>\$ 853,373</u>

Operating revenues represent administrative fees and charges resulting from the closing of transactions that assist Town of Clarence businesses. This assistance can take the form of lease transactions, assistance with bond issuances or sales tax exemptions, which generally allow such businesses to expand. In comparison to 2010, the Agency assisted in fewer transactions and as a result, they received fewer fees during 2011. Operating revenues decreased by \$77,942 from 2010 (a 63% decrease in comparison to 2010).

The Agency's expenses consist of advertising, community relations, consulting and other administrative costs related to general operations. The decrease in operating costs from 2010 to 2011 reflects decreases in advertising and administrative expenses.

Cash flows – Agency cash and cash equivalents decreased by \$16,857 for the year ended 2011 and increased by \$51,928 and \$110,431 for the years ended December 31, 2010 and 2009, respectively. Key elements of these changes are shown in Table 3, below:

TABLE 3 – CASH FLOWS

	<u>2011</u>	<u>2010</u>	<u>2009</u>
Cash flows from:			
Operating activities	\$ (19,858)	\$ 47,909	\$ 105,167
Investing activities	<u>3,001</u>	<u>4,019</u>	<u>5,264</u>
Net increase	(16,857)	51,928	110,431
Cash and cash equivalents - beginning	<u>905,301</u>	<u>853,373</u>	<u>742,942</u>
Cash and cash equivalents - ending	<u>\$ 888,444</u>	<u>\$ 905,301</u>	<u>\$ 853,373</u>

The decrease and increases in cash and cash equivalents reflect the operating activities.

Capital Assets and Debt – The Agency does not own any capital assets, nor has it issued any debt instruments.

Economic Factors – The Agency’s financial status decreased in 2011 over 2010; however, the status in 2010 was improved over 2009. There are several projects in the planning and development stages.

Contacting the Agency – Questions regarding this report or requests for additional information should be directed to the Town of Clarence Industrial Development Agency, One Town Place, Clarence, New York 14031.

TOWN OF CLARENCE INDUSTRIAL DEVELOPMENT AGENCY
Notes to Financial Statements
Years Ended December 31, 2011 and 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations—The Town of Clarence Industrial Development Agency (the “Agency”) is a public benefit corporation and was created in 1973 under Title I Article 18-A of New York State General Municipal Law for the purpose of encouraging financially sound companies to locate and expand in the Town of Clarence, New York (the “Town”).

The financial statements of the Agency have been prepared in conformity with accounting principles generally accepted in the United States of America. Significant accounting policies are listed below.

Basis of Accounting—The accounts of the Agency are maintained on the accrual basis of accounting.

Reporting Entity—The Agency is not considered a component unit of the Town of Clarence. The Town has no authority to approve the Agency’s budget nor does it have any responsibility for the debt, financing deficits or fiscal management of the Agency.

Tax Status — The Agency is exempt from Federal income taxes and New York State franchise taxes.

Industrial Development Revenue Bond and Note Transactions—Industrial development revenue bonds and notes issued by the Agency are secured by the properties which are leased to companies and are retired by lease payments. The bonds and notes are not obligations of the Agency, the Town or the State of New York. The Agency does not record the assets or liabilities resulting from completed bond and note issues in its accounts, since its primary function is to arrange the financing between the borrowing companies and the bond and note holders. The funds arising there from are controlled by trustees or banks acting as fiscal agents. The Agency receives bond administrative fees from the borrowing companies for providing the service. Such administrative fee income is recognized immediately upon issuance of the bonds and notes.

Lease Transactions—The Agency has established a lease program to provide state and local tax benefits to companies developing industrial properties. Under this program, the Agency receives title to properties under development and leases the property to the previous titleholder (lessee). The Agency generally contracts for payment-in-lieu-of-tax agreements between lessees and participating municipalities. All risks associated with property ownership and business activities on such property remain with the lessee. Title to those properties is transferred back to the lessee at the end of the maximum tax benefit period or at any time during the lease period at the option of the lessee. The Agency does not record assets acquired under the lease program since the Agency’s primary function is to provide state and local tax benefits to the lessee. The Agency receives lease administrative fees from the lessee for providing this service. Such administrative fee income is recognized at lease inception or ratably over the term of the lease depending on the agreement terms between the lessee and the Agency.

Statements of Cash Flows — For purposes of the statement of cash flows, the Agency considers cash and cash equivalents to be all cash accounts and short-term investments purchased with a maturity of three months or less.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period and the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Future Impacts of Accounting Pronouncements— The Agency has not completed the process of evaluating the impact that will result from adopting Governmental Accounting Standards Board (“GASB”) Statements No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions* (an amendment of GASB Statement No. 53), which are effective for the year ending December 31, 2012; and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which is effective for the year ending December 31, 2013. The Agency is, therefore, unable to disclose the impact that adopting GASB Statements Nos. 57, 60, 61, 62, 63, and 64 will have on its financial position and results of operations.

During the year ended December 31, 2011, the Agency adopted the provisions of GASB Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* and No. 59, *Financial Instruments Omnibus*. The adoption of GASB Statements No. 54 and 59 did not have a material impact on the Agency’s financial position or results of operations.

During the year ended December 31, 2010, the Agency adopted the provisions of GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, No. 53, *Accounting and Financial Reporting for Derivative Instruments*, and No. 58, *Accounting and Financial Reporting for Chapter 9 Bankruptcies*. The adoption of GASB Statements No. 51, 53, and 58 did not have a material impact on the Agency’s financial position or results of operations.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

The Agency’s investment policies are governed by New York State statutes. There were no investments at December 31, 2011 or 2010. All deposits are carried at fair value. Collateral is required for demand deposits and certificates of deposits for all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Cash and cash equivalents:

	<u>December 31, 2011</u>		<u>December 31, 2010</u>	
	Bank Balance	Carrying Amount	Bank Balance	Carrying Amount
Insured (FDIC)	\$ 270,971	\$ 270,971	\$ 290,816	\$ 290,816
Uninsured:				
Collateralized	<u>617,473</u>	<u>617,473</u>	<u>615,200</u>	<u>614,485</u>
Total deposits	<u>\$ 888,444</u>	<u>\$ 888,444</u>	<u>\$ 906,016</u>	<u>\$ 905,301</u>

Custodial Credit Risk—Deposits—Custodial credit risk is the risk that in the event of a bank failure, the Agency’s deposits may not be returned to it. As noted above, by State statute all deposits in excess of FDIC insurance coverage must be collateralized. As of December 31, 2011 and 2010, all Agency deposits were either FDIC insured or collateralized.

3. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 7, 2012, which is the date the financial statements are available for issuance, and have determined there are no subsequent events that require disclosure under generally accepted accounting principles.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Members of Town of Clarence
Industrial Development Agency:

We have audited the financial statements of Town of Clarence Industrial Development Agency (the "Agency") as of and for the year ended December 31, 2011, and have issued our report thereon dated March 7, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the Agency is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting and that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Agency in a separate letter dated March 7, 2012.

This report is intended solely for the information and use of management, the Agency, others within the entity, the New York State Office of the State Comptroller and the New York State Authority Budget Office and is not intended to be and should not be used by anyone other than these specified parties.
