NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Oneida Tobacco Asset Securitization Corporation (OTASC) is a special purpose, bankruptcy-remote local development corporation incorporated under the provisions of section 1411 of the State's Not-For-Profit Corporation Law. The Corporation was established in December 2000 for the exclusive purpose of acquiring all rights, titles and interest the County of Oneida is due under the Master Settlement Agreement (MSA), the result of tobacco industry litigation. OTASC acquired the rights to receive all future Tobacco Settlement Receipts (TSR's). The acquisition price of the County's future right, title and interest in the TSR's has been financed by the issuance of serial bonds, as part of the New York Counties Tobacco Trust I, Trust IV and Trust V, which issued Tobacco Settlement Pass-Through Bonds. TSR'S which exceed various expenses of OTASC, debt service and required reserves are transferred to a Residual Trust, under the entitlement of Residual Certificate. The County has a beneficial interest in the Trust and ultimately receives funds held by the Trust. The County has no legal obligation for any of the liabilities or debt which may exist in OTASC.

In order to meet payments on debt service and other obligations the OTASC is dependent upon the receipt of future TSR's.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned, and expenses when incurred.

Cash Equivalents

Cash equivalents are funds held in various types of investment accounts. These funds are held by the Trust and are invested in money market accounts and US Treasury obligations. These investments are recorded at cost which approximates fair market value as of December 31, 2011 and 2010.

Income Taxes

The Oneida Tobacco Asset Securitization Corporation is a not-for-profit organization and exempt from income taxes under section 115(1) of the Internal Revenue Code.

Management's Use of Estimates

OTASC prepares its financial statements in conformity with accounting principles generally accepted in the United States which require management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. Estimates are used when accounting for certain items such as future collections on receivables, liquidity reserves, and contingencies.

NOTE 2 - INTANGIBLE ASSETS

Costs associated with the issuance of the Tobacco Settlement Pass-Through Bonds, Series 2005 & 2010, have been capitalized and are being amortized over the life of the bonds, (5 - 40 years). As of December 31, 2011 intangible assets were as follows for the 2005 & 2010 bonds:

NOTE 4 - DEPOSITS HELD IN TRUST

Under the terms of the bond indenture agreement certain accounts were to be maintained by a Trust Company to provide for various functions of the bond repayments. The Liquidity Reserve Account, established with proceeds from the bond sales is required to maintain on deposit \$4,574,750, at December 31, 2011 the balance was \$4,575,016. This is adequate to service one year's

required debt service. Other accounts serve to act as a conduit for debt service repayment and collection of the TSR's.

NOTE 6 - RELATED PARTY

OTASC is a special purpose local development corporation and is considered by legal counsel to be bankruptcy-remote from the County of Oneida. However, OTASC's board of directors is comprised of a majority of elected or appointed officials of the County of Oneida. For financial statement purposes, OTASC is considered a component unit of the County of Oneida.

NOTE 7 CONTINGENCIES

The primary revenue of OTASC is the receipt of future tobacco payments in accordance with the Master Settlement Agreement between 46 States (including New York) and members of the tobacco industry. The collection of future tobacco payments have many risks associated with it. These risks include, smoking trends, regulatory restrictions and legislative initiatives, potential adjustments to MSA payments, bankruptcy by member(s) of the tobacco industry which are part of the MSA, and lawsuits against these members. The occurrence of any of these risks could have an affect upon the amount of payments received by OTASC, and this affect could be significant. The OTASC's financial existence relies upon the collection of the future tobacco payments.
